

Forestar Announces Plan to Declassify Board of Directors

November 13, 2014 5:00 PM ET

AUSTIN, Texas--(BUSINESS WIRE)--Nov. 13, 2014-- Forestar Group Inc. ("Forestar") (NYSE: FOR) today announced that its Board of Directors has voted to recommend declassifying the board so that all directors are elected annually, a change that must be approved by the Company's stockholders at the 2015 Annual Meeting. If the change is approved, directors would be elected to one-year terms as their existing terms expire. The full text of the proposal will be included in the Company's proxy statement to be filed with the Securities and Exchange Commission in March 2015.

About Forestar Group

Forestar Group Inc. operates in three business segments: real estate, oil and gas and other natural resources. At third quarter-end 2014, the real estate segment owns directly or through ventures almost 120,000 acres of real estate located in ten states and 13 markets in the U.S. The real estate segment has 11 real estate projects representing approximately 24,400 acres currently in the entitlement process, and 73 entitled, developed and under development projects in eight states and 13 markets encompassing over 11,300 acres, comprised of almost 17,800 planned residential lots and approximately 2,000 commercial acres. The oil and gas segment includes approximately 948,000 net acres of oil and gas mineral interests, with approximately 590,000 acres of fee ownership located principally in Texas, Louisiana, Alabama, and Georgia and approximately 358,000 net acres of leasehold interests principally located in Nebraska, Kansas, Oklahoma, North Dakota and Texas. These leasehold interests include about 8,000 net mineral acres in the core of the prolific Bakken and Three Forks formations. The other natural resources segment includes sale of wood fiber and management of our recreational leases, and approximately 1.5 million acres of groundwater resources, including a 45% nonparticipating royalty interest in groundwater produced or withdrawn for commercial purposes from approximately 1.4 million acres in Texas, Louisiana, Georgia and Alabama and about 20,000 acres of groundwater leases in central Texas.
